

# MICHELIN *Pilot Sport 3*

## *The driving sensations enhancer*

For sport-oriented vehicles  
and high-powered saloons

More driving pleasure:  
a highly precise steering  
hailed by car manufacturers<sup>(1)</sup>.

It has better road handling  
on sharp turns and brakes 3 meters  
shorter on wet roads<sup>(2)</sup>.

Outstanding energy efficiency  
and mileage, thanks to more  
than 10 consecutive victories  
at the Le Mans 24 Hours.

An enhanced design dedicated  
to High Performance.

**What are drivers of sport-oriented  
vehicles and high-power saloons  
looking for?**

These are passionate drivers, aware of new technical  
developments. They are spontaneously drawn to a  
reference brand.

To fully experience the pleasure of  
driving, they are looking for a  
responsive tyre that will enable them  
to exploit their vehicle's potential to  
the full and expect exceptional road  
holding whatever the conditions.  
On the road, enjoyment and control  
come as a package. A balance that  
allows them to increase driving  
sensations tenfold!

(1) The MICHELIN Pilot Sport range is certified for use on more than 200 models.

(2) Tests conducted in 2009 by Germany's independent TÜV SÜD Automotive centre using 245/40ZR18 Y tyres. Compared with the MICHELIN Pilot Sport PS2 tyre.

# MICHELIN *Pilot Sport 3*

A whole host of technologies for thrill seekers

## Programmed distortion tyre : digital technology at the service of driving accuracy

You are provided with an optimum road contact area and rubber temperature for any force of acceleration, resulting from 50,000 hours of simulation and over 100,000 km of tests on vehicles.

## "Anti Surf System": optimum grip on wet surfaces

Thanks to a more curved shoulder design, the MICHELIN Pilot Sport 3 enables to cut into the puddles, whereas other tyres suffer from aquaplaning if there is deep water on the road.

## High Performance and energy efficiency with "Green Power Compound"

This revolutionary gum mixture enables a combination of excellent grip on wet surfaces with fuel saving and a long life of the tyre. Thanks to its expertise from 12 consecutive Le Mans 24-Hour Race victories out of 18, **MICHELIN is inventing eco-friendly sport!**

## An enhanced design dedicated to High Performance

The MICHELIN Pilot Sport 3 tyre's finishings place it above any ordinary up-market tyre. The bridge between the tread blocks ensures the tread pattern's stiffness at high speed. The tread block edge is bevelled to optimise the contact area during braking.

## Main sizes available according to the country

245/40 ZR 17 91Y TL	225/40 ZR 18 (92Y) EXTRA LOAD TL
225/45 ZR 17 91Y TL	235/40 ZR 18 (95Y) EXTRA LOAD TL
225/45 ZR 17 94W EXTRA LOAD TL	245/40 ZR 18 (97Y) EXTRA LOAD TL
235/45 R 17 94Y TL	255/40 R 18 95Y TL
235/45 ZR 17 97Y EXTRA LOAD TL	255/40 ZR 18 (99Y) XL TL
245/45 ZR 17 99Y EXTRA LOAD TL	225/45 ZR 18 95W EXTRA LOAD TL
255/35 ZR 18 94Y EXTRA LOAD TL	255/35 ZR 19 96Y EXTRA LOAD TL
265/35 ZR 18 (97Y) EXTRA LOAD TL	245/40 ZR 19 (98Y) EXTRA LOAD TL
275/35 ZR 18 (99Y) EXTRA LOAD TL	275/40 ZR 19 101Y TL
225/40 ZR 18 92W EXTRA LOAD TL	275/40 ZR 19 EXTRA LOAD TL
